Ms Christine Taylor, Research Manager/NELA Project Manager, Royal College of Anaesthetists

Ms Gillian Tierney, Surgical Advisor

Dr Kate Walker, Associate Professor in Medical Statistics, Royal College of Surgeons

Ms Angela Whyte, Research Project Assistant, Royal College of Anaesthetists

The NELA Project Team and Board would like to express their thanks to all staff at NHS trusts and Welsh Health Boards who have collected and submitted data this year. Thank you to all NELA Anaesthetic and Surgical Leads for their leadership, hard work, and enthusiasm. The success of NELA over the last nine years, and the enormous benefits to patients through improved care, would not have been possible without your continued engagement.

The NELA Project Team and Board would also like to thank the members of the NELA Clinical Reference Group for helping to shape the dataset and report. Members of the NELA Project Board and Clinical Reference Group at the time of writing can be found in [Appendix 1](#).
